Independent Auditors' Report

To the Board of Directors
Colorado Mesa University Foundation
1450 North 12th Street
Grand Junction, CO 81501

We have audited the accompanying financial statements of Colorado Mesa University Foundation (a nonprofit organization), which comprise the statement of financial position as of June 30, 2017, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Colorado Mesa University Foundation as of June 30, 2017, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting practices generally accepted in the United States of America.

COLORADO MESA UNIVERSITY FOUNDATION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017

NOTE A – DESCRIPTION OF THE ORGANIZATION

The Foundation was incorporated under the laws of the state of Colorado in August 1961. The Foundation's sole purpose is to provide financial assistance to Colorado Mesa University students, and to otherwise assist Colorado Mesa University in providing education to deserving individuals. The majority of the Foundation's support comes from contributions of western Colorado donors and investment income.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PROCEDURES

Basis of Presentation

The Organization reports information regarding its financial position and activities according to three classes of net assets; unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Unrestricted Net Assets – Net assets that are not subject to donor-imposed restrictions. In general, the unrestricted net assets of the Organization may be used at the discretion of the Organization's management and Board of Directors to support the Organization's purposes and operations.

Temporarily Restricted Net Assets – Net assets subject to donor-imposed stipulations that may or will be met, either by the Organization's actions and/or the passage of time. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Permanently Restricted Net Assets – Net assets that must be maintained permanently by the Organization as required by the donor. The income earned from the investment of these assets is available for use by the Organization in accordance with donor restrictions.

Cash and Cash Equivalents

Cash and cash equivalents are considered to be all unrestricted highly liquid investments with an initial maturity of three months or less.

Promises to Give

Contributions are recognized when the donor makes a promise to give to the Organization that is, in substance, unconditional. Pledges receivable due within the next year are reflected as current receivables, while pledges due after one year are reflected as long-term receivables.

Conditional promises to give are recognized only when the conditions on which they depend are substantially met and the promises become unconditional. Pledges of future cash contributions, which have been received subject to annual review by the contributors, unsigned pledges, verbal pledges and pledges of future donated services, have not been recorded in the financial statements.

Promises to give are recorded at net realizable value if expected to be collected in one year, and discounted to net present value if expected to be collected in more than one year. The discount rate is commensurate with the payment terms. An allowance for uncollectible pledges is based upon management's judgment and analysis of the creditworthiness of the donors, and past collection history.

Investments

Investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The following fair value hierarchy prioritizes observable inputs used to measure fair value into three broad levels, which are described below:

Level 1 – Quoted prices available in active markets at the measurement date

Level 2 – Observable prices that are based on inputs not quoted in active markets, but corroborated by market data, use of models, or other valuation methods

Level 3 – Unobservable inputs are used when little or no market data is available. Estimates and assumptions are made related to the value of the asset including assumptions regarding risk.

COLORADO MESA UNIVERSITY FOUNDATION
NOTES TO FINANCIAL STATEMENTS
 JUNE 30, 2017

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PROCEDURES – Continued

Investments - Continued

The Organization maintains pooled investment accounts for most of its endowments. Investment income, realized and unrealized gains and losses, and management fees are allocated quarterly to the individual endowment expendable accounts based on the relationship of the fair value of each endowment to the total fair value of all endowments.

Unrealized gains and losses are included in the change in net assets in the accompanying Statement of Activities. Losses on investments of donor-restricted endowment funds reduce temporarily restricted net assets or permanently restricted net assets, to the extent that donor-imposed restrictions on net appreciation of the fund have not been met before the loss occurs. Any remaining loss reduces unrestricted net assets. If losses reduce the assets of a donor-restricted endowment fund below the level required by the donor stipulations or law, gains that restore the fair value of the assets of the endowment fund to the required level are classified as increases in unrestricted net assets.

Property Subject to Life Estate

A donor has donated property that will be transferred to the Foundation at the end of their lifetime. The property was recorded at its fair value at the time of the donation. An obligation for the life interest was not material to the financial statements and was not recorded; therefore the entire fair value of the donation was recorded at the time of the donation.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Income Taxes

The Organization is exempt from Federal and State income taxes under the provisions of Internal Revenue Code Section 501 (c) (3). The Organization believes that it has appropriate support for any tax position taken, and as such, does not have any uncertain tax positions that are material to the financial statements.

Functional Reporting of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Subsequent Events

Management has evaluated subsequent events through the auditor's report date, which is the date the financial statements were available for issuance, noting no events requiring disclosure.

NOTE C – INVESTMENTS

Investments are stated at fair value from quoted market prices and consist of the following:

	<u>Cost</u>	<u>Fair Value</u>	<u>Unrealized Gain (Loss)</u>
Cash & Money Markets	\$92,735	\$92,735	\$0
Bonds	8,366,754	8,364,640	(2,114)

Total	<u>\$2,483</u>	<u>\$2,751,003</u>	<u>\$0</u>	<u>\$2,753,486</u>

NOTE D – FAIR VALUE MEASUREMENTS

The following methods and assumptions were used by the Organization in estimating the fair value of its other financial instruments:

Cash, Accounts Payable, and Debt

The carrying amount reported in the statement of financial position for cash, accounts payable, and debt approximates fair value because of the immediate or short-term maturities of these financial instruments.

Investments

<u>Description</u>	<u>Fair Value</u>	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Long-Term Investments				
Cash & Money Markets	\$92,735	\$92,735	\$0	\$0
Bonds	8,364,640	0	8,364,640	0
Common Stock	8,920,277	8,647,739	272,538	0
Mutual Funds	10,620,307	10,620,307	0	0
Total Long-Term Investments	<u>\$27,997,959</u>	<u>\$19,360,781</u>	<u>\$8,637,178</u>	<u>\$0</u>

The Foundation's policy for determining the timing of significant transfers between levels is at the end of the fiscal year.

The following is a description of valuation methodologies used for assets measured at fair value:

Bonds – Value based on yields currently available on comparable bonds, with comparable durations, with similar credit ratings.

Common Stock – Valued at the closing price as reported on the active market on which the stocks are traded. One stock was not traded on an active market; an outside valuation firm was used to value the stock.

Mutual Funds – Valued at the closing price as reported on the active market on which the funds are traded.

NOTE E – ENDOWMENT

The Foundation's endowment consists of 220 individual funds established for providing a future income stream for scholarships for Colorado Mesa University students, research, & other uses for certain Colorado Mesa University departments. Its endowment includes only donor-restricted endowment funds. As required by accounting principles generally accepted in the United States of America, net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

COLORADO MESA UNIVERSITY FOUNDATION
NOTES TO FINANCIAL STATEMENTS
 JUNE 30, 2017

NOTE E – ENDOWMENT – Continued

The Board of Directors of the Organization has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Organization classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the organization, in a manner consistent with the standard of prudence prescribed by UPMIFA.

In accordance with UPMIFA, the organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- (1) The duration and preservation of the fund
- (2) The purposes of the organization and the donor-restricted endowment fund
- (3) General economic conditions
- (4) The possible effect of inflation and deflation
- (5) The expected total return from income and the appreciation of investments
- (6) Other resources of the organization
- (7) The investment policies of the organization

Return Objectives and Risk Parameters

The Organization has adopted investment and spending policies by the Board of Directors, for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment funds, while also maintaining the purchasing power of those endowment assets over the long-term. Accordingly, the investment process seeks to achieve an after-cost total rate of return, including investment income as well as capital appreciation, which exceeds the annual distribution with acceptable levels of risk. Endowment assets are invested in a well diversified asset mix, which includes equity and debt securities, that is intended to result in a consistent inflation-protected rate of return that has sufficient liquidity to make an annual distribution while growing the funds, if possible.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate of return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through capital appreciation (realized and unrealized) and current yield (interest and dividends). The Investment Committee of the Foundation is responsible for selecting managers and asset mix for the endowments of the Foundation, keeping within ranges outlined in the Board approved investment policy.

Spending Policy

The spending policy is to distribute 3% to 5% of the fair market value of the endowment accounts each year, with the caveat that the Foundation’s Board shall have the discretion to adjust the distribution rate for a given year, depending on short/long term needs of Colorado Mesa University and the anticipated near-term trends in inflation and investment returns, consistent with the Organization’s investment policy.

Endowment Net Asset Composition by Type of Fund at Year End is as follows:

	Unrestricted	Temporarily Restricted	Permanently Restricted	Endowment Net assets
Donor-Restricted Endowment Funds	\$0	\$5,541,862	\$22,052,720	\$27,594,582

COLORADO MESA UNIVERSITY FOUNDATION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017

NOTE I - LINE OF CREDIT & COLORADO MESA UNIVERSITY CAMPUS EXPANSION

Colorado Mesa University has plans to further expand the size of the university campus. The Foundation is assisting in the expansion by purchasing real estate or collecting monies to purchase real estate needed for campus expansion. Colorado Mesa University Real Estate Foundation (CMUREF) (nonprofit that manages real estate for Colorado Mesa University) also assists in the expansion. If the real estate closing is in the Foundation's name, the Foundation will quitclaim the real estate to Colorado Mesa University. Monies that the Foundation collects for building projects & expansion are transferred to Colorado Mesa University or CMUREF for the purchase of real estate or to reimburse them for purchases that have already occurred. The Foundation transferred \$1,563,190 to Colorado Mesa University and CMUREF during the fiscal year for building projects and expansion.

To facilitate the purchase of real estate at the most advantageous prices and terms, the Foundation had a line of credit with a bank in the amount of \$2,500,000 which matured June 2, 2017. The line of credit was paid off before year end and was not renewed.

NOTE J – RELATED PARTY

Colorado Mesa University provides staff and office space for the Foundation. The value of this is not reflected on the statement of activities.
